

ReadyKidSA Coalition
Results-Based Accountability Meeting
December 13, 2016 | 1:30 to 4:30 PM
United Way | 700 South Alamo Street

About this meeting:

This meeting convenes ReadyKidSA coalition partners to implement data driven decision-making on strategies that lead to improved results for children ages zero to eight in the region.

The room will be organized into six separate tables – two tables will be for result #1, two for result #2, and two for result #3. During the first half of the meeting, both result #1 tables will discuss the same indicator for *children reaching their full potential*. Both result #2 tables will discuss the same indicator for *children growing up in safe, stable and nurturing environments*. And both result #3 tables will discuss the same indicator for *children are healthy in mind, body and spirit*. Then the notes will be merged.

As desired meeting results, participants will:

Apply data driven decision-making to develop action plans for strategies

TOPICS, CONVERSATIONS, AND SESSION RESULTS

Welcome and Agenda Review

- **Data driven decision-making for second indicator of all three results**
 1. % of 3 and 4 Year Olds Enrolled in School
 2. % of Kindergarteners Assessed as “Vulnerable” in Emotional Maturity EDI Domain
 3. % of Licensed Childcare Capacity with Accreditation
- **Story behind the curve**
 - What factors are pushing down on the data?
 - What factors are pushing up on the data?
- Partners and contributions
- Solutions (evidence-based, promising practices, no cost/low cost, off the wall)
- Strategies

Result: Participants develop action plans for strategies to turn the curve on the indicator

Quick Review of Work to Date and Timeline
